

Attendance Policy

Revised: June 2022
Review date: June 2023

ATTENDANCE

The College expects students to have 100% attendance. Our aim is to ensure students achieve the best they can, and excellent attendance is a key part of this happening. It is clear there is a direct relationship between attending and achievement. Students, their parents, agents, and guardians should be very aware of this and should do everything possible to ensure attendance is excellent.

Any report the College is asked to give for a student might include comments regarding attendance; this might be a part of a UCAS reference. The end of term reports will also carry the attendance information.

Furthermore, students who are studying in the UK with a Visa are expected to attend every class during their programme of study. Students' attendance and engagement will be monitored and recorded. Failure to achieve an acceptable standard may lead to the student being required to leave the UK and the visa being cancelled (see Appendix 5). The Students with a Visa - Attendance Contract needs to be understood and signed by every student on a visa.

This process details the steps the College will take to ensure students are in class and will clarify the steps the College will take if attendance is problematic.

1. BACKGROUND

All students have timetables. These are produced at the start of their course.

The expectation is that students attend all of their classes, including any supervised study and/or library sessions marked on the timetables, and any meetings with their Senior Tutor.

A class register is taken electronically on iSAMS at the beginning of a class. The register is closed 15 minutes after the beginning of a class. All students present within 5 minutes of a class should be marked as present; a student arriving thereafter but before the closure of the register should be marked as late. Any student, who has not made contact with the College to advise of their anticipated late arrival and arrives at the lesson after the closure of the register should report to his or her Senior Tutor or a deputy and is to be marked as unauthorised absence in the register.

Any unauthorised absences which later become authorised will be amended by the Senior Tutor.

2. REASONS FOR NOT ATTENDING COLLEGE AND APPROPRIATE COMMUNICATION WITH THE COLLEGE:

Absence, where a student follows the procedures below, may be marked as authorised absence. Having a significant number of authorised absences may nevertheless give rise to action being taken by the College which may include imposing sanctions (see Promoting Good Behaviour Policy).

There may be a number of reasons a student is unable to come to College:

Illness: If a student is ill and under 18 as of the 31st August preceding the academic year, an adult must contact the College. For boarding students, this can be boarding staff; for students living with a host family, an adult member of the host family; for day students a parent or guardian. It is not acceptable for the student to contact the college themselves, unless an adult is not available, and never acceptable for another student to seek authorisation for another student's absence. If the required notification as detailed above is not received, the student will be marked with unauthorised absence. We accept if a student is with a host family or their own family, the family members may leave the house before the student and this process may be difficult to follow. In such cases we will explain to individual students they can call in, but we will subsequently confirm details with their family or the host family. Prolonged periods of illness must be evidenced by providing a doctor's note.

If a student is ill and over 18, they must contact the College as soon as they know they will not be able to come in. Boarding students must also inform boarding staff. In case of prolonged and/or extended illness, students must provide a doctor's note.

In case a student has attended their lesson, but is feeling unwell during the day, they need to see their Senior Tutor, Matron or a Deputy, who can sign them off and notify boarding staff, parents, guardians and/or agents. This absence will be authorised. However, if the student does not meet their Senior Tutor, Matron or deputy, their absence will be unauthorised.

Permission from parents or guardians: If a parent or guardian requests permission for a student to miss lessons this must be done through his or her Senior Tutor and must be done in advance. It is not acceptable to email the College after the absence has happened. It is essential that there is a discussion about absence. If this procedure is not followed, the student will be marked with an unauthorised absence unless there is clear justification and evidence e.g., a university open day.

If this request comes from a College student's Agent, the College will still seek confirmation of the request from the parent (unless the agent is also the student's guardian). If parental/guardian permission is not received, the student will be marked with unauthorised absence.

Lateness: If a student is unavoidably late, for example through an unusual traffic incident, the student must phone the College and advise reception who will inform relevant staff. This may be treated as an authorised absence and staff informed to treat the lateness as such, but it depends on the circumstances. The decision on whether this is authorised or not is made by the Senior Tutor.

Leaving early at the end of term and arriving back late after term starts: Term dates are clear and are published well before the beginning of the academic year. Students are expected to be in the College to the end of term and to arrive back until the beginning of each term in good time. Any request from a parent or guardian to leave early or return late will be considered by the Senior Tutor. Permission will only be granted in exceptional circumstances and where the latter is not evident; any absence at these times will be marked as unauthorised. Any lessons missed through leaving early, returning late or not authorised by the Senior Tutor will not be made up.

All students and/or parents/guardians/agents must submit **leaving and arrival dates** to the Senior Tutors and Head of House (if applicable) **at least one week before leaving**. Please be aware that students on visas risk breaching their visa rules if they leave early or return late to College without authorisation, or leave without informing the College beforehand.

Any unauthorised absence will be followed up – we have an obligation to ensure we know the reason for any absence.

Reasons for absence and expected responses							
	Illness		Illness while in College	Parental/ guardian permission	Lateness	Early term departure, late return in term	
	Boarders	Day students	All students			Boarders	Day students
Students under 18 years of age	Student notifies boarding staff	Adult informs college	Must see Senior Tutor, Matron or Deputy before leaving	Parent/ guardian/ agent informs Senior Tutor in advance	Student informs college	Parent/ guardian informs Senior Tutor and Head of House at least one week before leaving	Parent/ guardian informs Senior Tutor at least one week before leaving
Students over 18 years of age	Student notifies boarding staff	Student informs college				Parent/ Guardian/ Student informs Senior Tutor and Head of House one week before leaving	Parent/ guardian/ student informs Senior Tutor one week before leaving

3. THE PROCESS OF RECORDING AND FOLLOWING UP ABSENCE

a. Notification of absence received

Where the College is notified of a student absence, as indicated in the previous section, the Reception Manager or designated deputy will email the relevant subject teacher(s) and notify the relevant Senior Tutor or Deputy.

The relevant teacher(s) log the reason for the absence into class registers using the appropriate code (see Appendix 1) and if needed, write a comment in the relevant section.

b. Notification of absence not received

When notification of absence is not received, the said absence is regarded as unauthorised.

The Senior Tutors monitor absence throughout the day. Where a student is absent from a class and the College has not received notification of said absence, the latter is dealt with as follows:

Compulsory school age (CSA) students (boarding and day): the Senior Tutor or designated deputy will telephone and/or email the student’s responsible adult to identify the reason for, and obtain formal confirmation of, the reason for the student’s absence. The Senior Tutor or designated deputy will make sustained attempts during the day at contacting the student’s responsible adult and the student until such point that either contact is made, or the processes detailed in the relevant stage of the Missing Students Policy are enacted.

Once the reason for the absence is identified, it is at the discretion of the Senior Tutor to authorise the absence. A note of the reason for absence will be logged in the weekly attendance and welfare meeting and the relevant report produced by the team.

Students aged 16+:

Note: Any student aged 16 or over on the 31st August preceding the academic year in which they study at the College is not of compulsory school age.

16+ Day Students

If upon the closing of morning registers a 16+ day student is found to be absent, and the College has not been notified of said absence, their Senior Tutor or designated deputy will telephone and/or email the student's responsible adult to identify the reason for, and obtain formal confirmation of, the reason for the student's absence. The Senior Tutor or designated deputy will attempt to contact the student's responsible adult and the student. In the event neither, or any of the student's contact details, are able to be contacted, the College will enact the Missing Students Policy.

16+ Boarding Students

If, upon production of the daily attendance reports, a 16+ boarding student is absent and the College has not been notified of said absence, the Senior Tutor or designated deputy will contact boarding staff to identify the reason for, and obtain formal confirmation of, the reason for the student's absence. The Head of House will be made aware of the Senior Tutor's contact with the boarding staff and will ensure that they make sustained attempts each hour at contacting the student until such point that either contact is made. In the event neither, or any of the student's contact details, are able to be contacted, the College will enact the Missing Students Policy.

The Senior Tutor will follow up all absenteeism with the student/s in their weekly meeting or sooner where possible.

4. ATTENDANCE AND ABSENCE MONITORING PROCESS

Attendance and absence are monitored at the College on a weekly basis by the Attendance and Welfare team. This group consists of the Director of Student Services, Senior Tutors, Matron and Heads of Houses. The purpose of this group is to look at the attendance data of all students (including students who are on a study Visa) for the previous week and to consider what actions are appropriate to take. Any welfare issues which might be related to attendance will be highlighted and any pastoral comments will be shared with the Senior Management Team. During the meeting, the group identifies patterns of absence, number of absences and lateness, and follow up any concerns with the student(s), their parents/agents/guardians, teaching and support staff. The Attendance and Welfare team keep a list of students and RAG rate them (see Appendix 2) to indicate which students have poor attendance. This list is drawn up and updated during the Attendance and Welfare Group weekly meeting.

This list is circulated (as the minutes of the meeting) to Senior Tutors, the Heads of Houses, Directors of Studies (DoS), teachers, and Senior Management Team (SMT). The list is annotated with recommended actions, decided on by the Attendance and Welfare Group. The actions are followed up by the Senior Tutors, Heads of Houses, and Directors of Studies where appropriate. The intention is to keep all students' attendance above 90%.

The students RAG status is adjusted weekly during the meeting to reflect their current attendance level. An acceptable, and sustained level of improved attendance, usually over two to three weeks and above 90% will be advised by their Senior Tutor to the Directors of Studies. The RAG ratings are:

Red – 79% and below

Amber – 80-89%

Green – 90% and above

Students with a visa - absence

The College (and specifically the Principal or designated deputy) will inform the UKVI if a visa student's attendance is unacceptable to the College and/or falls below the requirements set out by UKVI guidance. The College strictly adheres to the UKVI attendance guidance and will not compromise the College's Sponsor License over poor attendance. The UKVI can request/inspect attendance data at any time.

5. RESPONSE AND SANCTIONS IN CONNECTION WITH UNAUTHORISED ABSENCE FOLLOWING THE ATTENDANCE AND WELFARE REPORT

The sanctions imposed are in line with the sanctions in the Promoting Good Behaviour policy and are applied when absences are **not** such that the actions within the Missing Student Policy need to be invoked.

Level 1

The teacher will speak with the student about their absences to identify the reasons of their absence. The teacher must inform the Senior Tutor so that a record is made, while the Senior Tutor may impose a further sanction.

The Senior Tutor will provide feedback at the Attendance and Welfare team meeting. Any reasons for absence are recorded in the attendance and welfare report.

Level 2

If a student has been spoken to on three separate occasions by a teacher and the student persists with poor behaviour, the teacher will inform the student's Senior Tutor who will discuss the problem with the student and reinforce with discipline, which could include detention as well as other sanctions. It is important that the Senior Tutor keeps the parents/guardians or agent informed at all stages (NB parents need to be informed at least 24 hours before an after-school detention is held) and ensures that all incidents and actions are accurately recorded in the student administration list (iSAMS).

Level 3

If a student persists in being absent, the student will be assigned specific targets for improvement, recorded in the e-ILP which will be monitored by the ST, and reviewed weekly for two weeks. The student may be required to attend supervised study in order to catch-up with work, and possibly detention, depending on the situation. In case of persistent lateness, the student may be refused access to class and required to report to library. Parents/guardians will be informed throughout the process and of the outcome and recorded on the student administration list (iSAMS).

Step 4

The Senior Tutor will liaise with the Director of Student Services as to when/if to escalate the sanction if there has been no improvement after two weeks. The Senior Tutor will arrange a meeting to be held with the student, their parents/guardian/agent, the Senior Tutor and the Director of Student Services (DSS). The DSS will thereafter advise the Vice Principal of suggested sanctions to be applied that may include, but not exclusively, a formal warning, an attendance contract, temporary suspension, and/or progression to Level 5 disciplinary.

All actions must be recorded on the student administration list (iSAMS) and communicated to parents/guardian/agent.

Step 5

A sanction may escalate to the final level which might lead to suspension and/or exclusion. This might be the result of persistent failure to meet expectations despite a level 4 warning. The Vice Principal will consult with the Principal or designated deputy before a decision is made (see appendix F in Promoting Good Behaviour policy). Parents/guardians will be notified of said sanction by the Principal or Vice Principal.

If a student is permanently excluded, the terms and conditions published by the College, which state that in principle fees remain payable, will apply.

It should remain clear to all through any sanctions process (see Promoting Good Behaviour policy) that the main aim and intention of the College is, wherever possible, to have the student study on a full timetable. Any sanctions are as a last resort and will be taken reluctantly.

A summary of the process can be found in appendix 6.

Appendix 3 – The Student Learning, Behaviour & Attendance Contract is to be completed during induction, as part of the Learning Agreement, and reviewed with the student at each step of this process if their attendance is poor. It may be necessary to ask the student to re-sign the agreement to confirm that they understand the commitment and consequences of non-attendance.

Oxford Sixth Form College will provide the most appropriate tuition and support available for the planned programme of study. The College will provide teaching, tutoring, resources, equipment and facilities where appropriate to enable students to achieve their full potential.

By accepting your place at the College and continuing your education with us, you agree to the following:

- I will complete all set work, tasks and assignments within agreed deadlines and participate to the best of my ability in examinations and tests as arranged by the College.
- It is my responsibility to attend all lessons, tutorials and other arranged periods of study and to bring materials as requested by my teacher/s. Teachers are not expected to wait for me to arrive after the start of each lesson. **While studying remotely, I will be attending all lessons on Teams and if lessons take place late at night, I will watch the recorded lessons uploaded on my class Team the next day.**
- I will have **100% attendance** (unless ill, in which case I will notify the College by 9am on the day of absence).
- I will be punctual to all lessons and submit all work on time.
- I will attend all my 1:2:1 Senior Tutor meetings to discuss and reflect on my progress. These meetings will be agreed in the first meeting with your Senior Tutor and shown in your Outlook calendar.
- I will notify my Senior Tutor immediately if I change my address, email and/or telephone number/s.
- I will behave respectfully at all times toward all members of staff and other students.
- I understand that OxSFC takes a zero tolerance approach towards child-on-child abuse, both online and offline, inside and outside the College. I agree not to engage in any Peer-on-Peer abuse, bullying, harmful sexual behaviour or any activity that may affect the safety of myself or others.
- I will not bring drugs and/or alcohol onto College premises.
- I will not engage in any activity which is likely to bring the reputation of the College into disrepute, for example, committing a crime or engaging in negative publicity, including social media.
- I understand my parents, guardians and fee payers will be informed on a regular basis of any absence, lateness or poor commitment to studies.

I understand the commitment I am making to the College, its staff and other students. If I do not follow the agreements above, I understand that the College may decide that I can no longer study at OxSFC.

My attendance and performance will be reviewed continuously. If I have not met the terms of this contract, I could immediately be told to leave the College.

Letter templates

These are for use with ALL students; however, Senior Tutors will need to adapt them accordingly. **Any letter sent to a student or parent must be saved on PASS.**

These letters can be adapted and used where attendance is a cause for concern even though the reasons for absence are known/have been authorised by a responsible adult.

Letter/Email 1(to be sent after Step 1 of Unauthorised Absence process)

Dear [parent/guardian/agent name]

I have reviewed [Name]'s current attendance and note that he/she has missed X lessons resulting in an overall attendance of X%.

Please find attached his/her Attendance Report for your review and a copy of the College's attendance policy.

Absences may be authorised under specific circumstances and should be agreed through me before they occur. As [Name of Student] has Child Student / Student visa we are required to record all non-attendances and the reasons for UKIV.

So that you are aware, I will be closely monitoring [Name of student] attendance on daily basis to ensure that [name of student] is not in breach of their visa conditions.

If further absences will be recorded, I will have no option but to report [name of student] to UKVI.

In the future please contact myself at [ST email address] to notify me of your son/daughters absences.

We welcome any support you can provide to help us improve [name of student] attendance.

Best wishes

Dear [parent/guardian/agent name]

I wrote to you on the [date] but unfortunately [name of student] attendance at College has still not improved sufficiently and currently stands at X%.

I enclose [name of student] attendance report.

Continued non-attendance at classes has serious consequences (up to and including exclusion from the College). If [name of student] is experiencing serious personal circumstances which are affecting their attendance, please let me know (if you haven't already) so that the College can take these into account and offer [name of student] the appropriate support.

We know from experience and the extensive research that has been carried out that poor attendance leads to poor results. It is vital for [name of student] success and progression that work together to improve [name of student] attendance. I wish to remind you that I am obligated to inform UKVI of all absences which could lead to [student name] losing his visa and having to return home.

I would be very grateful if you would contact me either by email [insert your email address] or telephone; 01865 793333. I am available to speak with you on [insert days/times].

Please be aware that if there is no immediate improvement in your son/daughters attendance, further action will be taken.

Best wishes

Dear [Parent/Guardian/Agent name]

I wrote to you on the [insert date] and again on the [insert date] because of my concern with [student name] attendance.

I enclose [student name] attendance report.

Sadly we are now in a situation where disciplinary measures need to be taken (please see our Promoting Good Behaviour policy attached). [Student name] will [meet/has met] with their [Programme/Curriculum Manager] [name of PM/CM] and has been put on report and has had targets set to improve [his/her] attendance. This will be monitored daily and reviewed in one weeks' time. If there is still no improvement or attendance continues to fall the situation will be escalated to the Vice Principal.

As I said in my last email, good attendance at College is linked to grades; we know from years of experience that students who do not attend classes are significantly more likely to fail or get lower grades in their exams which will not help [name of student] future endeavours.

We appreciate that 85% may appear to be a good level of attendance but we strive for 100%. We are therefore keen to explore how we can help your [son/daughter] to improve their attendance.

To remind you again, [name of student] is studying in the UK on a visa. Specifically, this is a **[student study] visa** and the conditions of this visa state that they **must attend all lessons**.

Please contact me as soon as possible by calling 01865 793333 or by email: [ST email address]

Letter/Email 4 (Use as follow up to Letter/Email 3)

Dear [Parent/Guardian/Agent]

On [insert review date] we reviewed [student name] attendance and looked at [his/her] targets. [I am pleased/saddened] to say that there [has/has not] been an improvement. [Student name] attendance now stands at [X%]; [X% above/below] their attendance when I wrote to you last week. I have attached [student name] attendance report.

Pick most appropriate paragraph:

1 Since [student name]'s attendance has continued to fall we have been unable to lift our sanction and therefore [student name] remains on report for the forthcoming week.

2 Since [student name] attendance has continued to fall we have been unable to lift our sanction and therefore [student name] remains on report for the forthcoming week. Since [student name] is here on a study visa, and the attendance is now [below/just above] 80%, we will now have to consult with the Principal to see if he/she can remain in the College.

3 Although we are beginning to see an improvement in [student name] attendance we feel that it is prudent to keep [student name] on report for another week so that we can closely monitor him/her.

I will write to you again next week.

Best wishes
